**DECLARATION FILED UNDER 37 C.F.R. §1.132**

Sir:

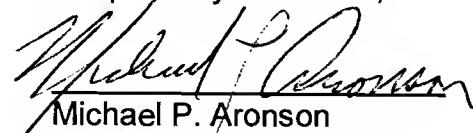

Please enter into the file folder of the above cited application, the attached Declaration filed under 37 C.F.R. §1.132.

The declaration is from Andrew Ian Cooper and Haifei Zhang, two of the inventors of the application serial No. 10/587,731. They are also the sole inventors of International Publication Number WO2004/011537 A1 and state that any invention disclosed but not claimed therein that is relevant to the present invention (Serial Number 10/587,731) is part of their contribution to the present invention, so that it is not the invention of another.

The declaration further supports applicants' position that Publication Number WO2004/011537 A1 is not a 102 reference as argued in my response of December 23, 2008.

If a telephone conversation would be of assistance, Applicant's undersigned agent invites the Examiner to telephone at the number provided.

Respectfully submitted,
